DOMAIN — EXACTLY TWO TOPICS ONLY
1,222 emails in 58 disjoint pairs | all-data denominator N=13,799

All numerators are EXACT A+B counts. Jaccard uses only the exactly-two-topic subset for BOTH intersection and union (n2).
Row percentage uses all emails carrying A (n); global percentage uses all 13,799 emails, including Unknown.
Diagonal is blank. Count/Jaccard panels show each pair once; percentage panels show both directions. Independent color scales.
